

Jun. 16 2013

Dr. Vladimir P. Beskoski
Assistant Professor
Faculty of Chemistry
University of Belgrade

Dear Dr. Beskoski

I am very pleased to invite you to attend mini symposium on POPs at Tokyo University of Agriculture and Technology Aug. 2 2013. Your participation and the presentation of your work entitled 'POPs pollution in Serbia' will be a valuable asset to the mini symposium on POPs for our group. If you could give presentation, we would like to discuss joint research in future between Serbia and Japan.

I am looking forward to seeing you.

Yours sincerely,
Takeshi Nakano

Joint Research Chair for PCB separation & concentration system.
